MERRY MIXERS

Friends of North Shore Children's Hospital

Welcome to our Embrace the Bear Event!

The Merry Mixers have been supporting the North Shore Children's Hospital for more than 60 years. While the faces have changed, the goal remains steadfast: to support the children's hospital that has served so many of us here on the North Shore.

Past donations have been used to purchase much needed equipment ranging from isolettes for premature babies to telemedicine equipment which provides immediate and direct access to our partners at Massachusetts General Hospital.

Additional equipment and new technology are necessities in order to maintain this first class medical facility. We are very fortunate to have such dedicated resources so close to home.

Like last year, this year's event, Embrace the Bear, highlights our mascot the Teddy Bear. Our hope is that you will join us by embracing our cause and help us to continue funding specialized equipment for the hospital. Last year we raised \$60,000 toward that cause. With your help, we hope to realize a similar goal this year!

On behalf of the Merry Mixers, we would like to thank the many sponsors who have generously donated to our event. We would also like to thank those who have chosen to support North Shore Children's Hospital by attending this year's event. Please enjoy the evening!

Sincerely,

The Merry Mixers

Lillie Lombardi (co-chair), Tish Burke (co-chair), Desiree DeStefano, Nicole Fiegner, Ann Fitzgerald, Jenny Frontero, Amy Leveroni, Jacqui Lewis, and Kiki Walker

Dedication from the Hospital

North Shore Children's Hospital (NSCH), North Shore Children's has been the source of pediatric health care and support for the North Shore community since it was founded as "North Shore Baby's Hospital" on Baker's Island in 1905. North Shore Children's is a unique resource as it is the only facility north of Boston that provides both in-and-outpatient services dedicated to the care of children only.

Our Pediatric Emergency Department, with Board Certified Pediatricians on site 24 hours a day will see over 18,000 children this year making it one of the largest in New England. In addition to emergency and inpatient facilities dedicated solely to children, the hospital offers a wide range of outpatient diagnostic and treatment services. Massachusetts General Hospital specialists work hand in hand with NSCH pediatricians and specialists to deliver a full range of subspecialty pediatric referral services. Centers of excellence are available for children with hearing problems, mental health and behavioral issues as well as learning and developmental disabilities.

The Merry Mixers, woven into the very fabric of North Shore Children's for over 60 years, is one of our most important assets. Successful children's hospitals are dependent on community support for those added resources that make children and their families comfortable. Funds raised by the Merry Mixers have allowed the purchase of preemie positioning equipment, IV Pumps, a Forensic Colposcope, heart monitoring equipment, and telemedicine equipment for direct access to intensivists at Mass General Hospital for Children. It is this dedication and availability of resources that make NSCH a special place for children, their families and the North Shore.

On behalf of the doctors, staff, and especially our young patients and their families, thank you Merry Mixers for your hard work and dedication to North Shore Children's Hospital.

Edward Bailey, M.D.

Medical Director, North Shore Children's Hospital
